ANNUAL TOWN MEETING Monday, February 28, 2022 7:00 p.m.

ANNUAL SCHOOL MEETING Monday, February 28, 2022 7:30 p.m.

AUSTRALIAN BALLOT VOTING HOURS Tuesday, March 1, 2022 10 a.m. – 7 p.m.

VOTER REGISTRATION

If you have already registered to vote in Stamford, please check the posted Voter Checklist to verify that your name is on the list. The Same Day Voter Registration Law went into effect on January 1, 2017 in Vermont. Eligible residents will be able to register to vote on any day up to and including election day at the town office or during the hours when the polls are open.

EARLY VOTER ABSENTEE BALLOT

An early or absentee voter, family member, authorized person or health care provider can request an absentee ballot in Vermont, without providing any reason for the request, by telephone, in person or in writing until 5 p.m. on the day before the election. You do not register by party in Vermont. You do not have to tell anyone which party you favor. Ways of voting absentee are:

- Vote in town clerk's office before the deadline.
- Pick up a ballot at the town clerk's office and mail or deliver it back to the clerk's office before election day or to polling place before 7 p.m. on election day.
- Have ballot mailed to you and mail or take it back to the clerk's office before election day or to polling place before 7 p.m. on election day.
- If disabled or ill, have two justices of the peace bring a ballot to you at your home on the day before or the day of the election.

AUDITING STATEMENT

The firm of Love, Cody & Company, Certified Public Accountants, conducted an audit for the Town of Stamford's cash receipts and disbursements for the year 2021. The financial statements, supplementary information and auditors' report are available for inspection in the town office during regular office hours.

WARNING FOR TOWN OF STAMFORD

The Legal Voters of the Town of Stamford, Vermont, are hereby notified and warned to meet at the Stamford Community Room in said Stamford at 7:00 p.m. on Monday, February 28, 2022, to vote on the Articles of the Town Warrant. The meeting will then be adjourned until 10:00 a.m. on Tuesday, March 1, 2022 at the Stamford Community Room at which time Article 1 will be transacted by ballot.

Vermont law imposes requirements to ensure that elderly and disabled persons have access to polling places and town meeting. Individuals requesting alternative accommodations should contact the town clerk's office prior to the town meeting so that arrangements can be made in advance.

Article 1: To elect the following Town Officers:

Town Moderator - 1 year term School Moderator - 1 year term Selectboard member - 2 year term Selectboard member - 3 year term School Director - 2 year term School Director - 3 year term Auditor - 1 year term Auditor - 2 year term Auditor - 3 year term Collector of Delinquent Taxes - 1 year term Cemetery Commissioner - 3 year term Library Trustee - 5 year term

- Article 2: Shall the Town of Stamford use at least twenty five (25) percent of the 2021 positive town and highway fund balances to reduce the raise and appropriate?
- Article 3: Shall the Town of Stamford authorize the expenditure of \$787,958.00 (General Expenses of \$304,617.00 and Highway Expenses of \$483,341.00 and if so, raise and appropriate \$677,041.00 through taxes and \$110,917.00 from anticipated revenues (less Article 2 if passed)?
- Article 4: Shall the Town of Stamford use up to \$121,171.15 of funds received through the American Rescue Plan Act (ARPA) to defray the amount of the town's match to complete the culvert replacement project on Lincoln Road?
- Article 5: Shall the Town of Stamford borrow a sum not to exceed \$220,000.00 (if the use of ARPA funds in Article 4 is passed) or \$320,000.00 (if Article 4 is not passed) for the town's match to complete the culvert replacement project on Lincoln Road, said sum to be repaid over a five (5) year period?

- Article 6: Shall the Town of Stamford authorize the Selectboard to sell town owned property to any interested buyer providing the interested buyer is not a property tax exempt entity?
- Article 7: Shall the Town of Stamford raise and appropriate \$4,580.00 for the maintenance and improvement of the town cemeteries?
- Article 8: Shall the Town of Stamford raise and appropriate \$33,215.00 for the operation of the Town portion of the library?
- Article 9: Shall the Town of Stamford raise and appropriate \$56,425.00 for the operation of the Stamford Volunteer Fire Company?
- Article 10: Shall the Town of Stamford raise and appropriate \$50,000.00 annually for a five year period, beginning in 2022 and ending in 2027, for deposit into the fire truck replacement account?
- Article 11: Shall the Town of Stamford appropriate a total of \$1,600.00 to the following agencies, pursuant to 24 V.S.A. § 2691?
 - \$700.00 Southwestern Vermont Council on Aging
 - \$500.00 BROC COMMUNITY ACTION IN SOUTHWESTERN VERMONT (formerly Bennington-Rutland Opportunity Council, Inc.)
 - \$100.00 Vermont Rural Fire Protection Program (formerly known as Northern Vermont and George D. Aiken Resource Conservation and Development (RC&D) Councils)
 - \$250.00 American Red Cross of Vermont and the New Hampshire Upper Valley Region
 - \$ 50.00 Green Up Vermont

Article 12: To transact any non-binding business deemed necessary and proper when met.

Dated at Stamford, Vermont this 20th day of January, 2022.

Nancy L. Bushika Carol A. Fachini Daniel J. Potvin Michael Denault Brandon Field

SELECTBOARD

WARNING – WARRANT STAMFORD SCHOOL DISTRICT

The Legal Voters of the Town School District of Stamford, Vermont are hereby notified and warned to meet at the School Hall in said Stamford at 7:30 p.m. on February 28, 2022 to vote on the Articles of the Town School District Warning. The meeting will be adjourned until Tuesday, March 1, 2022 at which time Articles I, II & III will be transacted by Australian Ballot between the hours of 10:00 a.m. and 7:00 p.m.

Article I

To elect a Moderator.

Article II

To elect a School Director for (2) years.

Article III

To elect a School Director for three (3) years.

Article IV

To see if the voters of the School District shall approve the School Board to expend \$2,159,300 the amount the school board has determined to be necessary for the ensuing fiscal year. It is estimated that this proposed budget, if approved, will result in education spending of \$15,898 per equalized pupil. This projected spending per equalized pupil is 1.7% higher than spending for the current year?

Article V

To see if the Stamford Town School District will vote to authorize the School Directors to transfer \$65,901 (25%) from the FY 21 surplus Fund Balance to the Maintenance Reserve Account?

Article VI

To see if the Stamford Town School District will vote to authorize the School Directors to transfer \$12,000 from the FY 21 surplus Fund Balance to the Maintenance Reserve Account for the purpose of replacing the remaining library windows?

Article VII

To see if the Stamford Town School District will vote to authorize the School Directors to assign the remaining surplus Fund Balance to be used as revenue for future budgets?

Article VIII

To see if the Stamford Town School District will vote to authorize the School Directors to borrow money on the notes of the Town School District or otherwise in anticipation of taxes?

Article IX

To transact any other business which may legally come before the meeting.

Dated at Stamford, Vermont this 28th day of January 2022.

Erika L. Bailey

Kelly Holland

Helen Fields

Barbara Malinowski

SELECTBOARD'S REPORT

Like the previous year, 2021 gave everyone new challenges; COVID guidance and state laws continued to change. Meeting these challenges was not always easy and the town employees must be commended for being flexible, accommodating and patient.

With the help of an outside vendor, the town is in the process of developing a new web site, which should be available by Spring 2022.

After a few setbacks, the town has hired New England Municipal Resource Center (NEMRC) to complete the mandatory reappraisal of all town properties. This should be completed by April 2023. The assessor will be contacting all property owners to schedule site visits beginning this summer.

The Lane, Henry Hill, Jepson Road, Clough Road, Lincoln Road and Robillard Road were resurfaced in 2021. The first of five payments, with interest, for the project are included in the highway budget.

In October the new 2020 Dodge Ram arrived. This will be used not only for plowing but for year-round road maintenance. We thank the townspeople for supporting this purchase.

As part of the Clean Water Act grant, another culvert and ditching project was completed on County Road, with the town's portion being \$10,115.57. Having our own manpower and equipment is a great economic advantage for the town since we are not as dependent on the pricing and schedules of outside vendors.

A large culvert on Lincoln Road is scheduled to be replaced this year. The state approved \$200,000.00 toward the 2020 estimate of \$350,000.00 for the project. In order to comply with state and federal mandates and receive the grant funds, the town needs to replace the culvert per their design. The town's portion will be at least \$150,000.00. The selectboard believes it can use the American Rescue Plan Act (ARPA) funds toward the town portion and are urging the town to vote in favor of Article #4.

The town currently owns five properties which have been taken through the tax sale process: 1.5 acres on Main Road and Alpenwald lot numbers: 191, 195, 218 and 336. The selectboard is willing to entertain any valid offer in order to place these parcels back on the tax roll. Just last year the town sold 16 of the parcels taken through the tax sale process.

Every ten years, after the census, in order to equally redistribute the population into legislative districts, the state requires redistricting of the towns. They propose to create a

new district containing just Stamford and Pownal. Stamford is currently in a district with Readsboro, Searsburg, Somerset, Dover and Wardsboro. As required, the Stamford Board of Civil Authority reviewed the proposal and felt it was more advantageous to remain in the current configuration. The Board felt the districts should be based not only on population, but geographic proximity and economic reliance. A letter to that effect was written to the Legislative Apportionment Board. The determination will be made in 2022.

Many hours of selectboard meetings were devoted to the use of ATVs on town roads. With strong feelings both for and against ATV use, an informational meeting was held in August with over 100 people in attendance. A newly formed ATV group, Stamford Ridge Riders, presented their intentions for ATV use and many people expressed their opposition for ATV use on town roads. In September, because of increased speed, traffic and wear and tear on several town dirt roads, the selectboard withdrew their permission for ATVs to ride the Risky Ranch, Klondike, County Road loop. Currently the use of ATVs are not permitted on any town roads. An ATV sub-committee was formed in September and working with the National Forest, Stamford Ridge Riders and interested citizens, the subcommittee will report back to the selectboard with their suggestions in February 2022.

As required every five years we need to review and update our Hazardous Mitigation Plan and as part of this plan we need to have a town Purchasing Policy. The selectboard has begun the process of reviewing various Purchasing Policy models in order to adopt a policy that will best fit the needs of the town. By having an approved Hazardous Mitigation Plan, in the event of an emergency, a greater percentage of FEMA and State monies would be available.

In November our representative to The Deerfield Valley Communications Union District (DVCUD) reported that there are currently 24 member towns. The DVCUD received a \$4.1 million grant from Vermont Community Broadband and it is their hope to have homes in Stamford connected to fiber optic, high speed internet by the end of 2022.

With the help of the Bennington County Regional Commission (BCRC), the planning commission is looking into updating the zoning bylaws, which would allow for growth and change in our town and an opportunity for grant funding. Before finalization, there will be at least two public hearings, one by the planning commission and one by the selectboard regarding the proposed changes. We urge all residents to make their wishes known at these public hearings.

We thank all employees and volunteers who have helped throughout the year.

Respectively submitted Stamford Selectboard

Finance Committee Report 2022

The Town of Stamford's Finance Committee participated in budget discussions with each of the town's boards/committees (Selectboard, Stamford Volunteer Fire Company, Library Trustees, Cemetery Commission and School Committee). The Finance Committee would like to recognize the dedication of the members of each Committee/Board. Creating a fiscally responsible budget is a time-consuming and challenging process, and we appreciate their ongoing efforts.

In regard to the town warrant articles, our recommendations are as follows:

Article 2: Recommend passed as written.

Article 3: Recommend passed as written. The Selectboard report contains all relevant details. The Finance Committee would like to express its appreciation to the Selectboard and to the Highway Department for their willingness to control expenses and to be conservative in regards to revenue estimates.

Article 4: Recommend passed as written. This culvert replacement project needs to be completed within a specific timeframe to retain grant funding, and the American Rescue Plan Act (ARPA) funds will be used to defray the town's obligation.

Article 5: Recommend passed as written.

Article 6: Recommend passed as written.

Article 7: Recommend passed as written. The Finance Committee would like to thank the Cemetery Commissioners for their continued service and fiscal responsibility.

Article 8: Recommend passed as written. The Finance Committee would like to commend the members of the Library Trustees on their continued service, fiscal responsibility and their efforts to secure external grant funding.

Article 9: Recommend passed as written. The Finance Committee would like to express our sincere appreciation to the men and women of the Stamford Volunteer Fire Department. Their efforts to secure external funding are commendable. The services they provide to our community are invaluable.

Article 10: Recommend passed as written. The Finance Committee acknowledges the need for replacement of the fire/rescue vehicles. While the cost is significant, the older vehicles will need to be replaced in the near future.

Article 11: Recommend passed as written. The Finance Committee observes that the return on each of these investments is significant.

In regard to the school warrant articles, our recommendations are as follows:

Article 4: Recommend passed as written. The Finance Committee acknowledges the ongoing issue that many fiscal aspects of the school budget are outside of the purview of the School Board. Federal and State mandates, teacher contracts, and decisions made by the Windham Southwest Supervisory Union are driving forces behind the budget process. While we acknowledge these restraints we would like to reiterate our previous recommendation that the School Board develop a long-term, strategic plan that will ensure Stamford Elementary School is both fiscally viable and a solid educational institution for our town's children.

The Finance Committee would like to point out that the total school budget of \$2,159,300 represents a 13.14% overall increase in spending; however, the school received significant grant funding and is also utilizing some of their fund balance to reduce the raise and appropriate. Some of the increased spending is related to expenses that are non-recurring.

Article 5: Recommend passed as written.

Article 6: Recommend passed as written.

Article 7: Recommend passed as written.

It has been a pleasure working with all of the boards/committees and town staff. We appreciate the efforts of all who are working diligently to present fair and transparent budgets. We sincerely hope that this report is helpful to the voters in making informed decisions.

Respectfully submitted,

Tyna Senecal Heather Tietgens Pam Tworig

STAMFORD VITAL RECORDS

Due to privacy and identity issues, it has been recommended not to publish detailed vital statistics in the town report. However, these records are filed in the town office and are available for review during office hours:

| Births | 10 | Deaths | 3 |
|-----------|----|---------|---|
| Marriages | 9 | Burials | 2 |

VT DECLARATION OF HOMESTEAD/SCHOOL TAX RATE

Filing a Declaration of Homestead annually is mandatory. If you are a Vermont resident and own and occupy a Vermont dwelling as your principal residence on April 1, 2022, you must file a Homestead Declaration, Form HS-122, by April 15, 2022 in order to receive the homestead tax rate.

SNOW

No person shall leave a motor vehicle on any town road so as to interfere with snow removal from November 1st until April 1st of each year. A motor vehicle so illegally parked may be towed at the full responsibility of the owner for both the towing and storage charges and for any damages resulting to the vehicle due to such towing (Stamford Town Highway Ordinance, Adopted May 13, 2010). In addition, according to Title 23 VSA 1126, it is illegal to plow, shovel or blow snow from private property on or across public highways. Your cooperation with highway department crew members during winter storm conditions will be greatly appreciated.

ANNUAL REPORTS

Annual reports from the following organizations were not published in the town report. If you would like to read any of these reports, they will be posted on the bulletin board located outside of the town office as received.

Submitted by: Lori A. Shepard, Treasurer

All dogs or wolf-hybrids more than six months old on or before April 1st are to be licensed by April 1, 2022. To obtain a license, owners must provide a current rabies certificate to show the dog or wolf-hybrid has been vaccinated. Copies of all rabies vaccination certificates for dogs and wolf-hybrids shall be filed with the Town Clerk.

Fees are as follows: \$8.00 for each male/female unneutered dog or wolf-hybrid, \$4.00 for each neutered male/female dog or wolf-hybrid. An additional \$5.00 will be charged for each license sold. This \$5.00 will be sent to the State of Vermont, \$1.00 for their rabies control program and \$4.00 for their spaying/neutering program.

All cats shall be inoculated against rabies by a licensed veterinarian. A person may use an approved vaccine to inoculate a feral feline that takes up residence in a building other than the person's home and need not use the services of a licensed veterinarian for this purpose.

It has been suggested by the Selectboard that a photo of your registered dog would be helpful when a dog is missing or found. Anyone interested in submitting a photo of their dog for the town office file may do so.

RECORD RESTORATION FUND

(Established in March 2000)

| Balance as of January 1, 2021 | \$13,102.83 | |
|---------------------------------|-------------|-------------|
| Receipts | \$2,616.00 | |
| Books and paper | (\$539.89) | |
| Balance as of December 31, 2021 | | \$15,178.94 |

This fund was established by town vote in 2000. \$2.00 of each recording fee is allocated to the Record Restoration Fund. Future uses of these funds would be to have the grand list books preserved starting with the oldest records from the 1800s and to have the newer land records books microfilmed.

TECHNOLOGY FUND

(Established in March 2010)

| Balance as of January 1, 2021 | \$16,038.00 | |
|---------------------------------|-------------|-------------|
| Receipts | \$2,616.00 | |
| Disbursements | \$0.00 | |
| Balance as of December 31, 2021 | | \$18,654.00 |

This fund was established by town vote in 2010. \$2.00 of each recording fee is allocated to the Technology Fund. Currently there are 95 volumes of land records in the vault, the earliest of which date back to the 1700s. Future plans are to use these funds to to provide the equipment necessary for additional electronic indexing, viewing, storage and backup of the land records.

INVESTED FUNDS (From sales of land to National Forest)

Original investments as follows:

\$88,362.56 from sales of land to National Forest prior to 1993
\$15,000.00 from sale of Haynes land to National Forest in 1995
\$25,000.00 from sale of State of Vermont land to National Forest in 2004
\$3,000.00 from sale of Patten land to National Forest in 1995
\$34,000.00 from sale of Warner land to National Forest in 1994
\$3,000.00 from sale of Mirante land to National Forest in 1994

STAMFORD CEMETERY COMMISSION REPORT

A special thanks to the volunteers who repaired the damaged stones in Houghton Cemetery. We are most grateful.

Our plan to solve drainage problems at Millard Cemetery was rained out this fall and is now scheduled for 2022.

Sally and Dave placed the flags on the veterans' graves for Memorial Day and removed them after Veterans Day.

Wreaths Across America volunteers again placed wreaths on veterans' graves. We thank all of those involved in honoring our veterans.

Last but not least, our thanks to the Lawrence family, Barry Berard and Dave McKay for the maintenance of our cemeteries, and for performing any additional work when needed.

CEMETERY COMMISSION

Sally Bohl Janice Farinon Dave McKay

Stamford Community Library

Despite an extensive closure, 2021 was a very busy year for us as we took advantage of the time to make some long overdue updates to our small space. Both staff and trustees put in an enormous amount of time, effort and volunteer hours working on our renovation and prepping the library for reopening. While we worked diligently to complete our renovations as quickly as possible, like many others, we were faced with numerous delays outside of our control as a result of Covid-19. Finally, after months of eager anticipation, we received twelve new birch bookcases from Vermont Correctional Industries. The lower bookcases do wonders for opening up the room and creating a brighter, more open space. Local carpenter Mark Daigle replaced the framework for the outer shelving units along the walls and we were happy to repurpose the existing shelves by cutting them down to size and painting them. We are thrilled with the changes, and from the positive feedback we have received so far, it seems you are as well!

In spite of numerous challenges, our staff managed to pivot with each of the changing guidelines. We offered curbside and delivery services throughout our closure as well as several craft kits and virtual programs while simultaneously working on our renovation. We were excited to receive a grant from the American Rescue Plan Act as a result of the hard work of Jen Ryan. Over the summer, when restrictions loosened, we sponsored a three-week summer camp. Many thanks to Helen Fields and Clay Zeller-Townson for spearheading this and for their work in obtaining such an amazing grant opportunity for our local children. Our sincere appreciation to the countless others that helped make it a huge success. Before school resumed, we held an outdoor raptor program with funds received from a summer reading grant. We were thrilled to see such a great turnout on a very hot summer day. Thank you SCC for the use of the pavilion.

Our librarians were ecstatic to finally reopen our doors to the community in October. While we are hopeful they remain open, our online catalog of ebooks and audiobooks has been getting a lot more use during the pandemic. We are happy to see that the addition of Overdrive, a digital book platform, is providing some comfort to those looking to stay home. For those unaware, in addition to our physical collection of books, your library account provides access to thousands of digital titles. Contact the library (413-663-1414 or stamlibrary@gmail.com) to get your unique user ID and password, and we will help you get started.

As we adjust to an ever changing landscape, we look forward to a return to in person programming in the year ahead. We hope to continue our commitment to building community while we complete a few final projects with some remaining donation and grant funds. Thank you to everyone that has donated to our tiny library and made this renovation possible. We appreciate your continued support! It has been such a pleasure welcoming you back into the library and we are excited for what the year has in store. If you have not already stopped in, please do. We are now open on Tuesdays and Thursdays 12-6, and Fridays and Saturdays 9-1.

Thank you to everyone that helped make 2021 a successful year!

SCL Board of Trustees and staff: Caroline Burch, Rebecca Pitt-Gamari, Linda Rodovick, Jennifer Ryan, Tyna Senecal and Danielle Smith

Stamford Volunteer Fire Company

On July 27, 1951 the newly formed Stamford Volunteer Fire Company was registered as a nonprofit corporation with the State of Vermont. Dr. Costine was elected President of the corporation, Howard Sherman the Vice President, Jacob Schubnel the Treasurer and Lew Manson the Fire Chief (1951-1952). With no equipment, no money, no fire station and no firefighters these men, including Jim Morandi, Harold Haun and others, set out to make the Fire Company a reality. For the past 70 years our volunteers have been answering the call whenever and wherever needed. We celebrate their service and sacrifice toward the betterment of Stamford, Vermont.

The Fire Company responded to 87 calls for assistance in 2021. These calls included 45 medical emergencies, 14 motor vehicle accidents, 6 fire alarm activations, 4 illegal burning, 4 power line emergencies, 4 structure fires, 4 wildland fires, 3 weather related emergencies, 2 cancelled enroute and 1 traffic control. These calls include the two days working the Clarksburg State Forest wildland fire and a day working the fire at the Apkins junk yard in North Adams. Our average response time was 10 minutes and we averaged 6 firefighters per call. Combined, the total labor hours for emergency response was 538 hours.

We were hit harder than normal with the truck repairs and maintenance this year. With an average age of 20 years old, our apparatus are requiring more and more maintenance and repair. Some of the more notable repairs included a fan clutch, oil cooler, pump packings, exhaust pipe, brakes, oil leaks, leaking water valves and a steering box. Our trucks are professionally maintained and are in decent shape but are requiring a bit more TLC to keep them ready to go at a moment's notice. In fact, some of the parts we need are no longer supported by the manufacturer and we have to source aftermarket parts. We have been applying for a FEMA grant to purchase a new pumper for 10 years or more and have scored well but it's never been funded mostly because of population and call volume when compared to other towns requesting a pumper. Because of this, we will still apply this year but we will also be working on a separate proposal to replace our 1988 pumper to be presented for your consideration at a later date. In addition, we've budgeted \$2,000 this year to replace the 24 year old tires on Engine 1 and we are requesting \$50,000 for the fire truck replacement account in anticipation of purchasing a new pumper within the next 3 years.

We continue to respond to COVID-19 medical emergencies in town. Our members have adapted to operating with this added burden. The additional PPE and operational changes can be challenging but unfortunately it's the new normal.

Our Shelterlogic tent that we use to keep equipment failed this year. We installed a new top but we are exploring the possibility of adding a small addition to the fire station so we can keep equipment inside out of the weather.

We purchased a new to us 6x6 ATV this year with money raised by our members. The Brattleboro Fire Department was getting rid of their 2003 Polaris 6x6. We submitted a bid and won. The ATV came with

an enclosed trailer that is used to store the ATV and we outfitted it with some additional equipment. Before this purchase we did not have much in terms of off road fire suppression or rescue capabilities without our members using their own equipment. We installed some new tires, a #3000lb winch and had it serviced. It was officially placed into service in September and responded to its first call soon after on October 22nd.

Our membership number continues to hover around 25 people. Having said that, we recognize that 9 of those 25 members live outside of Stamford and 14 of those members are over the age of 50. We really need our younger generation to take a more vested interest in keeping this volunteer service viable for another 70 years.

As always we can not provide our services without a huge amount of support. This year we want to recognize the following organizations that helped us help you, they are: West Oil Company, Procom Services, Gordon's Garage, Heartwellville Service, Corgi Electric, North East Municipal, Bulldog Fire Apparatus Repair, O'Reilly Auto Parts, Northern Berkshire EMS, Deerfield Valley Rescue and RD Repair. In addition, we also want to recognize the Stamford Selectboard, the Highway Department and the residents of Stamford for your unwavering support.

However, most of the thanks really needs to be directed at our members. Without our volunteers there would be no Fire Company or the services we provide. Each of them donate countless hours to this community and they don't even want recognition; they just go out and do the work at all hours of the day or night. Thank you all for your dedication to this community.

We wish each of you a happy and healthy 2022.

Superintendent's Annual Report Letter

2021-2022

Dear WSWSU Families and Friends,

I am pleased to offer my fourth letter to you, the community members of Windham Southwest Supervisory Union. It is an honor to continue to serve as your Superintendent alongside the many wonderful people who work for our supervisory union. I am filled with gratitude toward our team of staff, board members, and community partners who continue to demonstrate a deep commitment to our students.

The COVID-19 pandemic is proving to be a tough obstacle for our nation as a whole, and our community is no exception. I wholeheartedly believe that only with each other's support can we scale the seemingly insurmountable wall that the COVID-19 pandemic has built before us. I have witnessed firsthand the resilience of our teachers and paraprofessionals, our administrators and school staff, our board and community members, and especially our families during these turbulent times. I am inspired by the teamwork and tenacity of our supervisory union. I know that our collective unity and compassion will allow us to face any further challenges ahead.

Financial support during these challenging times created by the COVID-19 pandemic has come from the Federal Government in the form of the Elementary and Secondary School Emergency Relief Funds (aka ESSER). We received ESSER funds based on the number of students enrolled in our supervisory union. The purpose of these monies is to support the implementation of our Continous Improvement/Recovery Plan which addresses how we can keep our schools open amidst the pandemic, how to meet the emotional/social needs of our students, and how to better support our specific students' academic needs.

Windham Southwest Supervisory Union remains as dedicated as ever to our mission to discover and cultivate the unique gifts, talents, and interests that every student possesses regardless of race, ethnicity, religion, family economics, class, geography, ability, age, language, gender, gender identity, and sexual orientation. Already this year, we approved an SU-wide Equity Policy and issued our WSWSU Guiding Principles for a Positive, Welcoming School Climate. Furthermore, we are integrating a lens on equity, diversity, and inclusivity into everything we do, including our Continuous Improvement/Recovery Plan.

This year's Continous Improvement/Recovery goals include:

1. Use Data to Respond to Student Needs

Develop equitable multi-tiered systems for routinely collecting, analyzing, and using academic and behavior data to anticipate and respond to student needs.

2. Create a Collective Vision and Strategic Plan to Move WSWSU Forward

Engage in an SU-wide "Portrait of Student Success" process with the diverse stakeholders of WSWSU to increase community and parent/caregiver involvement, increase student voice in curricula and school climate decisions, expand social and learning opportunities for students, and increase school/community partnerships.

3. Increase Student Engagement with Learning

Improve rigor and relevance of instructional practice, create opportunities for collaborative development of project-based learning for teachers and students, and increase student self-direction and engagement in learning.

We at WSWSU value community input and are presently engaging stakeholders from across our supervisory union in a collaborative process that will identify the key qualities we collectively believe our students should possess when they leave WSWSU. This important process will benefit our collective goals and inform our educational strategy that will serve every one of our students. If you would like to learn more about this important work and provide your input please see this link:

https://sites.google.com/wswsu49.org/windhamswsupervisoryunion/events/portrait-of-student-success?authuser=0

To all our taxpayers and residents, please know that your support and belief in our schools directly influences the lives of every student in our supervisory union. Making strides towards our goals would be impossible without you. Thank you.

Sincerely, Barbara Anne

Bart

Hello Stamford Community!

I am proud to write my first annual letter to the Stamford community! First and foremost, I would like to thank you for the warm welcome you have extended me during my transition to the Stamford School. Upon arriving, I was struck with the extreme pride of ownership demonstrated by the entire community for your school. Since July, I have come to understand the reasons behind your pride, and I now share that same pride in our school, in our staff, and in our students.

There is much to be proud of this school year, but this school year has not been without its challenges. Like most schools across the state and the country, we continue to feel the effects of the COVID pandemic. It has impacted student and staff attendance, the consistency of our academic program, our ability to recruit and retain qualified staff, and to maximize our school's potential. We are consistently prompted to pivot, adapt, and re-imagine how we deliver the best possible educational experience for our students – and that is exactly what the dedicated, creative staff and the supportive, hard-working parents, guardians and school board have done. Along the way, our students have learned by watching, and have been developing important skills that we know will serve them well into their futures: flexibility, persistence, resilience, learning how to deal with adversity, and much, much more.

I don't have to tell *you* that there are incredible benefits of a small school such as ours, but COVID aside, there are also quite a few challenges that are endemic to small town schools. One, of course, is simply being able to pay to keep our school running. My goal here at the Stamford School is to make our school so successful that it stands out from the others, so that families will be clamoring to buy a home in Stamford, or that we might even compete with area private schools for tuition dollars from non-resident families. We have to think creatively (tuition, competitive grants, etc.) in order to grow our school while helping to offset the costs that are otherwise typically borne by you, the taxpayer.

As we plan for the upcoming school year, we find ourselves in a unique financial position that we are unlikely to see again. Our revenues have increased from monies received from the implementation of Act 173 by the State, in the form of a Census Block Grant. With this, you also see an increase in Special Ed Assessment costs, to be offset –in part– by this revenue. Additionally, because of the creative use of grant funds and other budget-saving measures, the accumulated fund balance will allow us to dedicate some additional funds to our Maintenance Reserve while also taking care of several key maintenance concerns that have been on our list. It also means we will be able to finally replace the windows of the library which will make library visitors more comfortable and save on energy costs. We will also be able to dedicate a considerable amount of that accumulated fund balance as revenue to offset expenses to the taxpayer in this coming budget.

We will take advantage of this unique opportunity to also enhance our students' learning experiences by boosting classroom libraries, enhancing the auditorium sound system, and purchasing some new classroom rugs and furniture; doing so now means we will not have to impose upon the taxpayers in the next few years to address those items at a time when we will likely not have these additional funds. Taking care of these one-time expenditures *now* while we have received this funding is a prudent investment in our future.

We have also planned some new, recurring additions to the budget this year that will help us take the first steps towards truly making the Stamford School "the best little school in the world" and attract the most skilled and talented staff, and draw students from beyond our town's borders. We have allocated funds to enhance our middle school experience, and to begin to offer a few virtual elective courses for our 7th and 8th grade students so they can have similar opportunities to their peers in larger schools. We have also made a slight increase in our field trip line in order to help our students connect their classroom learning to the real world, and to celebrate our local history and environment. We have also added the cost of the Technology Network Coordinator (which has been grant-funded) into the regular budget, as we realize that the role of technology in education is only going to grow. We need to be prepared to train and support our students and staff, and integrate technology into our curriculum and learning experiences in new and innovative ways.

All this – with no school tax increase for the Stamford taxpayer. In years to come, we likely won't be able to grow our school *without* seeing an increase in school taxes, so it's wise for us to take these steps at this opportune moment to help build an *even better* Stamford School.

Thank you for partnering with us in these endeavors; I hope we will continue to give you more reasons to be proud of our school, and of our amazing students!

Yours,

As we entered year two of unchartered territory, we were so thankful for our staff, students, administration, and community. With ever changing shifts in Covid-19 rules and guidance our school community has handled change with grace. We are proud of all the hard work and dedication to make Stamford Elementary a safe and welcoming school for all.

This year presented challenges unforeseen by the board and school community with the exit of our principal mid year. The staff from the WSWSU stepped in to keep the school open and operating by providing an administrator for the building. A special thank you to Tate Erikson for stepping into a leadership role for our building. Our teachers are the true heartbeat of the school and we would be remiss not to thank them for true dedication to the students. This departure led us to the hiring of principal Randy Lichtenwalner. He has been a tremendous addition to the school and provides excellent leadership. Welcome Randy. We also hired Nicole Rindell as the new 7/8-grade teacher and Maya Miller joined the team as the administrative assistant. Both are wonderful assets to our school.

We are pleased to report the playground had a safety inspection and all findings have been brought into compliance for safety. Woodchips were the biggest purchase and required fix. Additional wireless access points were added to the building bringing greater connectivity for students and community members alike. The Preschool program applied for and received a 5 star rating. Thank you to all involved in the process.

Being a year like no other has brought about an excess fund balance. This is mostly due to ESSER funds received for the ongoing Covid-19 pandemic. In the issue of transparency we would like to explain our thought process behind a 13.14% budget increase. We are aware this type of increase will not be seen as a way to set precedence for future budgets. With the increased fund balance we can attain "wish list" items that need to be purchased, without being fiscally irresponsible to the taxpayer. While the budget increase is larger than normal, please keep in mind the spending cost per pupil has only increased 1.7% and the tax rate has dropped this year. For this reason, we believe now is the time to use one-time spending (not recurring) to potentially increase the student learning environment. With these monies bookcases, books, desks, rugs, and upgraded sound systems can be added to classrooms and our building. Library windows could finally be replaced, making window replacement and renovations complete for the building.

We would like to thank the PTG and volunteers who ran very successful fundraisers by selling wreaths and holding raffles. Their hard work has provided multiple opportunities for all our students and helped in providing musical "keyboards for kids!"

Our last heartfelt thank you is to Rich Cristofolini, who has dedicated many years to the Stamford School. We wish you a wonderful retirement and thank you for your continued hard work and service.

Respectfully yours,

The Stamford School Board of Directors

Erika Bailey, Chair Kelly Holland, Vice-Chair Helen Fields, Clerk Barbara Malinowski Gary Bellows

<u>ACT 173</u>

Act 173 of 2018: enhancing the effectiveness, availability and equity of services provided to students who require additional support in Vermont's schools. The Agency of Education is integrating procedures and processes in order to support the field to adapt and adopt the systemic changes necessary to respond to the act.

With the passing of Act 173 by the Vermont Legislature in 2018, the process began to educate and train Vermont educators and administrators to be able to make changes to their methods of delivering instruction, in an equitable manner, for students needing additional supports, and not necessarily identified as eligible for Special Education services or Special Education monies.

FUNDING

Along with the changes in the delivery of education system with Act 173, changes were also made to the funding of Special Education, that eliminate the reimbursement and Block Grant model currently in place, and substitute a Census Grant that is based on Long Term Membership (LTM), (3 prior year ADM (average daily membership) average), multiplied by a census amount that is calculated by the AOE. The formula for determining the census amount for each district, for the first two years of implementation, was based on prior year special education spending. This is scheduled to change to a Uniform Base amount that will then be multiplied by the LTM.

BUDGET IMPLICATIONS

In prior years, Special Education services and costs for Special Education staffing, were reimbursed to the WSWSU and applied to the cost of those services paid on behalf of each school. The net cost was then "assessed" back to districts.

FY '23 is scheduled to be the first year for the funding portion of Act 173 to take effect. The Census Block Grant money is intended to support all students in need of additional support(s), and the Grant is calculated based on the ADM of the schools individually. The WSWSU will distribute the Census Block grant to each of the school districts, increasing the revenues to be received by each. The expenditure for the Special Education Assessment to be paid to the WSWSU will also increase at the district level, as the WSWSU will no longer receive reimbursement monies to offset the costs of services paid, increasing the bottom line of each school district's budget and is some cases, a higher net cost paid for special education services.

THE FUTURE OF ACT 173

Act 173 is currently undergoing much scrutiny at the legislative level, with many hoping to stall the implementation of the funding portion of the Act. With the legislature still working on the Weighting Study, and its implications on School Districts funding, many believe that the Act 173 funding goes hand in hand. At this time, school districts around VT are planning school budgets for the FY 23 school year applying the Census Block Grant allocations toward the costs of educating their school population.

The VT Agency of Education has set new standards and HQT as a stand-alone term no longer exists under ESSA new requirements. Teachers providing PK-12 instruction in Vermont's public schools need to be "appropriately licensed" under Education Quality Standards.
